Program Overview

Family Connect was founded by a group of friends bound by deep friendship, shared Christian values, and a common desire to honor and stay connected to their parents and families. Recognizing that adulthood and busy lives often create distance from parents, the friends established Family Connect as a deliberate commitment to strengthen family bonds, celebrate elders, and build a supportive community rooted in love, respect, and mutual care.

Our Mission

To strengthen family bonds through meaningful visits, celebrate our elders' wisdom, and build a supportive community that honors the values of love, unity, and mutual care.
